

Product description

Microbiological chemical analysis

Description Monosodium Glutamate

Yeast and moulds Max. 100cfu/g

Chemical formula $C_5H_8NaNO_4H_2O$

Coliform Negative

Size of Crystal Small crystal (40 – 80 mesh)

Salmonella Negative/25g

Color Clear and Colorless

Escherichia coli Negative

Identification test Conforms to Standard

Total aerobic bacteria Max. 1 000 cfu/g

Chemical characteristics

Foreign matter Negative

Arsenic Max. 0.5%

pH (2% solution) 6.7 – 7.2

Heavy metal Max. 10 ppm

Loss on drying Max. 0.5%

Lead Max. 1 ppm

Assay Min. 99.0%

Chloride Max. 0.2%

Our certificates

Formulated
